1. INTRODUCTION

CEP Demolitions Ltd (the Company) was founded in 1983 and is aimed at satisfying the requirements for demolition, emergency demolition, asbestos removal, façade retention, excavation, site clearance and recycling.

The Company recognise the need to provide the client a service that conforms to all aspects of excellent workmanship standards, safety standards, environmental performance and contractually specified requirements.

The Company values its clients and is committed to providing an exceptional service, which complies with their stated policies, requirements and principals. CEP Demolitions Ltd has an excellent and demonstrable reputation for producing high quality work and for managing projects safely with minimal disturbance to others. This has attracted complimentary testimonials from a wide range of clients.

2. POLICY STATEMENT

The long-term success of CEP Demolitions Ltd depends not just on us delivering a good quality product but also our commitment to and achievement in fulfilling our wider corporate responsibilities.

Environmental management, sustainable construction, community engagement and a commitment to our employees is essential to us.

In conducting our business activities we have the opportunity to impact positively on the communities in which we operate, not only by engaging with them but by offering skills training, career opportunities and support for community events.

We look to identify suitable opportunities to donate to charities.

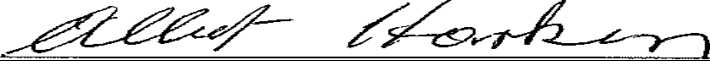

As a lot of our projects are in the education sector, we have engaged with local schools through educational presentations on health and safety and the environment.

3. POLICY REVIEW

This policy will be reviewed on an annual basis or earlier should a change in legislation or good practice be identified. Policy reviews will be approved by the Management Team.
